EU Certification

EN ISO 21420/BS EN 388:2016+A1:2018

EN388:2016

4X43D

Features

- Silicon made TPE pads offering excellent impact protection on both the back of a hand and fingers
- Softness of silicon TPE padding reducing hand fatigue compared to PVC and longer lasting
- Genuine **Alkimos** cut D yarn throughout the glove and not just on palm guaranteeing full protection
- Sandy nitrile surface offering good grip in both dry & wet environments and excellent oil & chemical resistance
- High visibility green liner making the glove highly visible
- Special pads on the palm offering vibration protection
- Cuff opening making it easier to don on and off, also with Velcro for secure fastening

Applications

- Oil & Gas industry
- Utility industry
- Mining
