## TOG6W

### Description

Impact & vibration resistant and winter glove coated with nitrile

### Materials

**Liner** : Double layer (15 gauge seamless nylon outer liner with 10 gauge brushed inner liner) and impact & vibration resistant liner

**Coating** : Sandy nitrile

### Size Available

M(8), L(9), XL(10), XXL(11)

### EU Certification

EN ISO 21420/BS EN 388:2016+A1:2018

EN388:2016

4121X

### Features

- The brushed inner liner provides warmth and withstand temperatures as low as -30 °C
- TPE pads offering excellent impact protection on both the back of a hand and fingers
- Softness of silicon TPE padding reducing hand fatigue compared to PVC and longer lasting
- Sandy nitrile surface offering good grip in both dry & wet environments and excellent oil & chemical resistance
- High visibility liner making the glove highly visible
- Cuff opening making it easier to don on and off, also with Velcro for secure fastening

### Applications

- Oil & Gas industry
- Handling refrigerated objects
- Cold or unheated warehouses
- Any outdoor work in cold environment

### Packing (Gloves are washed prior to packing for a clean and safe use)

6 pairs per polybag, 10 polybags (60 pairs) per export carton

### Minimum order quantity

300 dozens (or 3,600 pairs)
